

# ArcBright Chrome

ionEdge Corporation

## Eco-Friendly Bright Chrome Plating

ionEdge Corporation introduces a proprietary bright chrome to the metal finishing industry. This environmentally friendly ArcBright Chrome eliminates hex-chrome and has outstanding appeal, quality and durability.

Developed under research and development support from the U.S. Environmental Protection Agency, National Science Foundation and other federal agencies.

### Highlights

- \* Applied to Metals and Plastics
- \* Eliminates Polishing
- \* Rapid Three Step Process
- \* High Throughput
- \* Economical
